DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Kevin M. Drucker on 08/22/2005.

Regarding Claim 9 (dated 05/31/2005),

line 11, ",from the failure information," has been deleted.

line 12, after simultaneously and before period, ",from the failure information" has been inserted.

Allowable Subject Matter

2. Claims 1, 4, 5, 8, 9, 11 are allowable over the prior art.

The following is an examiner's statement of reasons for allowance:

The prior art of the record fails to disclose the limitations " the failure information is associated with links of the packet-based network; the backup resource is a backup path; the usage information is related to a bandwidth associated with the backup path; the new demand has an associated bandwidth, d; and the determining step includes the steps of: determining, from the failure information, if a simultaneous failure can occur on the backup path and a primary path; and if no simultaneous failure can occur, update

usage information for the backup path as a function of the bandwidth d associated with the new demand.”, and “the processor rejects the new demand if the backup path and a primary path associated with the new demand are determined to be capable of failing simultaneously, from the failure information.” to effect the evaluating in combination of other limitations recited in claims 1, 5, and 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
